FREQUENTLY ASKED QUESTIONS

20
25

BE ADVISED!

The rates in the tables are a guideline of usual prices for that category of minis. However, these can be affected by factors such as the paint scheme requested, minis with conversions or any other type of modification that increases the time needed to be painted. It can also be the case of minis with simple schemes that fall below the price range of their category. From one level to another we double the time dedicated to the figure. A Tabletop Standard level miniature (infantry) takes from 30 to 50 minutes of work, being from 1 to 2h in the Premium level and from 2 to 4h+ in the Parade Ready level. The time spent varies according to the complexity of the model and the scheme and is directly related to its price.

ARE THERE BULK DISCOUNTS?

We can not provide any sort of Bulk or Volume Discounts! The prices shown are on a per model basis. In the case of sending single minis, the price may increase because each piece takes more time to be painted to perfection!

WILL MY MINIS BE VARNISHED?

Yes! Varnish is included with every mini or bust to protect and secure your models paint job for the future. Please let us know if you would prefer a glossy, satin, or matte finish! We use Vallejo or ProAcryl varnishes.

I AM ONLY HALF-WAY THROUGH PAINTING MY MODELS AND I AM

BURNT OUT, CAN I SEND YOU MY HALF FINISHED ARMY?

Yes of course! We understand hobby burnout! Minis that are half-painted are accepted! However, the price may vary if the model needs stripping to get it to the scheme that is requested, as well as the mini will be priced the same as a non-painted mini. If bases need to be replaced that will be added on to the cost of the commission at the end accordingly.

DOES THIS TABLE INCLUDE THE PRICE OF MODELS THAT NEED TO BE BOUGHT?

The rates in this table DO NOT include the price of the minis if the minis need to be purchased by Ashen Empire Minis, that price will be added on top of the commission price.

CAN I CHOOSE WHICH PIECES ARE USED ON MY ARMY?

Of course you can! The assembly process is completely custom-made, in case of not specifying some options we will always opt for the best visual composition, your miniature will always look amazing on the table!

CAN YOU 3D PRINT MY STL FILES IF I SEND THEM TO YOU?

We DO NOT 3D print any models, as we are not equipped for that! If you do wish to send us 3D printed models that is perfectly fine, but we cannot print anything for your minis!
